## Important Fuels Tax Information

*From Tammy West, DMV Director of Tax Services:*

Can you inform your membership that our vendor is having a major system outage and we do not know when the system will be back up and running. No returns can be filed until the system is up and running. Returns are due next Monday and we anticipate that this will impact the filing of returns. I will notify you when the system is up and running.

This system outage impacts other government services and systems so DMV, Tax Services or Motor Carrier are not in this alone. At this moment we can't tell you how we will handle this because we don't have a means to accept returns because we are in an electronic filing environment. Remitters can pay us online which would satisfy the payment process and we can apply the payment once the return is filed.

---

## Virginia Excise Tax System (VAETS) Explained

Additionally, Ms. West spoke at the association's annual meeting at the Greenbrier two weeks ago and described the agency's decision to transfer to a new tax collection system on December 20, 2018. Since that time we have received several calls requesting the department's handout from that meeting describing: implementation dates; how to apply for a license, and how to file tax returns. For a copy of the document, [click here](#).

## PMAA PAC

We would like to acknowledge the following additional members who have made contributions

to the PMAA Federal PAC.

Mike Bostic

Elizabeth McCormick

John Phillips

Rick Koontz

If you have not already contributed, it is not too late to do so, as for the first time in memory Virginia has not yet raised its PAC goal for the year. To contribute, please send your PERSONAL check in the amount of \$150 made out to:

PMAA PAC
