One Month From Today: Special Association Wide Virtual Meeting Featuring Update on TCI; Presidential Election Briefing

In any other year, today would have been the second of three days for the VPCMA annual meeting at the Greenbrier. However, for the first time in 72 years the Board of Directors cancelled this year's meeting over concerns with the COVID-19 pandemic. Today we are pleased to announce a special association wide virtual meeting which will be held on Wednesday, October 28th at 11:00am via Zoom. This event will feature two parts: an update on activity for the 2021 General Assembly, where some (including BP and Shell) will be pushing a plan to ration, tax, and eventually prohibit the use of gasoline, diesel and propane in Virginia within 10 years. We will provide a summary of their plans and ask for the assistance of every member to fight this ill-conceived notion which threatens the livelihoods of you and your suppliers. The second half of the program will feature Virginia's leading political pundit, Dr. Bob Holsworth, discussing the presidential campaign in Virginia and nationally just six days before election day. Bob has been with us before the last four presidential elections and is one of most requested speakers. He will also discuss the upcoming 2021 race for governor in the Commonwealth and Virginia politics in general. There is no charge to participate in this meeting, which is brought to you by our industry partners. However, registration is required to assure that we have sufficient space on Zoom for all who wish to attend. Registration details are listed below. All attendees will be entered to win prizes to be named later.

You are invited to a Zoom meeting.

When: Oct 28, 2020 11:00 AM Eastern Time (US and Canada)

Register in advance for this meeting:

[https://zoom.us/meeting/register/tJ0rcOuqpzktGtSV7URxIWYsktuzn6pxjcEz](https://zoom.us/join/joinMeeting/register/tJ0rcOuqpzktGtSV7URxIWYsktuzn6pxjcEz)

After registering, you will receive a confirmation email containing information about joining the meeting.

Storage Tank Program Guidance Documents

From DEQ

DEQ is asking for informal input on two draft guidance documents. The first is for the [Storage Tank Program Technical Manual Volume 3: Responsible Persons \(September 2020\)](#)

Edition). The second is for the Storage Tank Program Technical Manual Volume 6: Management of Petroleum Contaminated Media (September 2020 Edition)

The documents are also available to view on the DEQ Petroleum Program site.

Please submit comments on either draft document to james.barnett@deg.virginia.gov by October 28, 2020.

If you have any questions or comments, please contact James Barnett (804-698-4289).
