Governor Issues State of Emergency as Result of Colonial Pipeline Breach

This evening the governor issued a State of Emergency which included a waiver of weight and hours of service regulations which you may [find here](#). This waiver will be in effect until October 1. A copy must be kept in all trucks for the duration of the waiver.

Still pending is the request at the US EPA to waive RVP regulations for Virginia.

The state's price gouging law will also be in effect through the duration.
